Financial Policy

Every insurance policy is different. It is in your best interest as a patient to know and understand your insurance plan benefits. You may contact your insurance company by calling the telephone number on the back of the insurance card. You should understand what services are covered, your responsibility for any co-payments, co-insurance or deductible amounts. Not all services are covered by every insurance company. If your insurance plan does not cover your service, or your claim has been denied, you are considered to be responsible for full payment. If your insurance company has not paid your claim in full, within 45 days, then you will be held responsible for payment in full.

Cancellation Policy

Appointments canceled without 24-hour notice will be charged a \$40.00 cancellation fee.
Tinnitus evaluation appointments canceled without 24-hour notice will be charged a \$100.00 cancellation fee.

Medicare Statement

For a hearing test, Medicare requires the patient to obtain a medical referral stating that the testing is medically necessary. If you have Medicare as your primary insurance, please contact your primary care physician and request a medical referral for your testing. This referral needs to be in place prior to your appointment. **MEDICARE DOES NOT COVER HEARING AIDS OR ANY HEARING AID SERVICE.**

Please bring your insurance card with you to your appointment.

All co-pays, co-insurance, deductibles and service fees are due in full at the time of service.
